06 June 2008

Dear Wandsworth LINK member,

Interim Executive Committee Elections

I am pleased to inform you that we are making good progress in developing the LINK membership and we already have over 120 registered members in the first few weeks since we began accepting members in early May.

Due to the exceptionally short time scale for electing a LINK Interim Executive at the first public meeting on Tuesday 17th June, WCA has taken the decision to simplify the nomination process for the election by:

- 1) Accepting self nominations without a proposer and /or seconder.
- 2) Simplifying the declaration of interest requirement. (*Note declarations of interest do not mean a member cannot stand for election,)

This decision has been made in order to ensure that all those who wish to stand for election can submit their nominations in good time. This is an exceptional situation and does not bind the interim executive to any processes in any future elections, for which they will be responsible.

Please find attached a revised Nomination form that incorporates the changes. Please also note that all received nominations on the original form will still be valid.

Please note that the closing date for signed up members to be eligible to vote and the closing date for nominations to the Interim Executive is still 12noon on Friday 13th June 2008.

I look forward to seeing you at Wandsworth LINK's the first public meeting on Tuesday 17th June at 6.30 pm at Balham Library.

Yours faithfully,

Jason Edgington
